

The SOVREN Guild

Racing from the past to help children in the future.

Potential Sponsor

Hello,

The SOVREN Guild and Seattle Children's Hospital truly believes that it takes extraordinary individuals and businesses to invest time, effort and emotion into charitable work. We are writing to ask you to please support the Pacific Northwest Historic Races and Seattle Children's in 2017 in a partnership with our event. This is our 29th year (June 30-July 2) and we are celebrating the 50th Year of Trans-Am Racing with famous car racer and innovative car designer Peter Brock. We look forward to working with you on an involvement level that is just right for you.

2016 was a very successful year for the Historics and for Children's. The Historics welcomed back the guest race group, BMW Pro3. Partnering with Pro3, we were able to offer another fundraising opportunity to our spectators and participants during race weekend called The Pro3 Track Experience. Our car corral was well attended with over 25 clubs participating. For 2016 we donated \$362,000 to Seattle Children's un/uncompensated care, our goal for 2017 is \$500,000.

This is why we are hoping you will consider being a sponsor. Our immediate needs of course are items to put on the event such as tents, golf karts, generators, etc. You will see 200 rare and exciting vintage race cars participating in races for three days June 30-July 2, 2017. We produce a color poster and program for this event that has a wealth of information about the event and the cars. You may also consider contributing matching funds or a grant through our event to Seattle Children's..

Seattle Children's also had several great accomplishments this last year including, being ranked by U.S. News and World Report as the Best Children's Hospital in the West, west of the Rocky Mountains and 5th best children's hospital in the nation. The hospital provided \$126 million dollars in un/uncompensated care. Out of 400 Guilds, Sovren Guild for 2016 ranked 4th in fundraising for the hospital. We are proud of the impact we have had on Seattle Children's and also that we have been in the top 10 fundraising guilds for 25 years of 28 our years.. Without the continued on-going support from the community, we would never have been able to support Children's so generously.

In 2016, Children's provided over \$126 million in uncompensated care to families. They need is now, more than ever. We hope that you will join us as we continue our quest to support all the children in medical need within the Pacific Northwest. Thank you for your belief in our efforts and Seattle Children's Hospital.

Sincerely,

Charles Ward
